2

KOVALAM VILLA

The row house design is contemporary in nature and has been evolved from a cuboidal form. The form features cuboids of different sizes and levels which make it interesting. The facade has been treated with austere white textured paint that contrasts with the stone work and wooden accents.

SCOPE OF WORK : ARCHITECTURE + INTERIORS
LOCATION : NEELANGARAI, CHENNAI
PROJECT AREA : 21,000 SQ.FT
PROJECT STATUS : COMPLETED

A contemporary home with sleek lines, staggered levels and an outdoor pool area with lush landscaping makes this the epitome of fine living. The residence has been designed keeping the views and vistas in mind. Each room has the view of the beach. The highlight of this project is the long, rectangular infinity pool with bar encompassed within it. The interiors are sleek with cream tapestry, beige leather upholstery and marble flooring. Wooden accents and paneling have been done in order to accentuate the feel of the space.

HILL TOP HOUSE

SCOPE OF WORK : ARCHITECTURE + INTERIORS
LOCATION : KODAIKANAL
PROJECT AREA : 15,000 SQ.FT
PROJECT STATUS : COMPLETED

Set amongst the rolling hills of Kodaikanal, this home is contemporary with a touch of wood and stone to render it indigenous to its surrounding. Large windows with treated glass allow the environment to seep in. A large central tree welcomes you as soon as you enter. It also serves as an efficient space divider. The interior features tempered glass with wooden accents and cream coloured upholstery.
